GENERAL INFORMATION

Service Suggestions
After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will assure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately.

Speak slowly, clearly and distinctly throughout the telephone conversation. Whenever possible, keep your lips about one-half inch from the mouthpiece. Otherwise, your voice will not be heard distinctly.

Be sure that the line is restored at the close of a conversation. Otherwise, your line may be "out-of-order" when someone is trying to call you.

Service Difficulties
Every effort is made to provide you with the best possible telephone service. Our operators appreciate your cooperation in reporting promptly any trouble, and we will do our best to correct service difficulties, such as broken lines, defective equipment, or incorrect billing. Exceptional service difficulties may not be held responsible for any losses resulting from errors or delays in the delivery of this service.

Identification of Employees
All employees are authorized to answer this Company's premises, provided they have a valid calling card. This card, which is properly countersigned, always bears the employee's name, signature, and photograph. The card is issued on the premise that anyone who cannot furnish correct means of identification is not authorized to answer the telephone.

Improper Language
Profanity or obscene language is prohibited. Subscribers are requested to enforce this rule. Failure to observe this rule may result in discontinuance of service.

Advertising Telephone Numbers
Many subscribers find it convenient and profitable to use their telephone numbers only for advertising purposes, such as money or service promotions, and they use their names, addresses, or other information. It is unlawful to advertise telephone numbers for these purposes without the consent of the subscriber.

Attachments to Directories
To ensure the usefulness of the telephone directories, any attachments, such as money or service promotions, should be eliminated. Exceptions, such as those maried or professional, are permitted.

The Classified Directory
The "Classified" pages of this directory contain the names of business telephone subscribers listed under headings descriptive of the product, service, or profession of those subscribers. These pages are designed to enable you quickly to determine the type of business or service desired.

EMERGENCY CALLS

IMPORTANT! Make certain now how you can use your telephone to report fire, traffic, or other emergency calls. Plan to stay on the line until you provide the address where the assistance is desired, your name, and telephone number.

Out-Of-Town Telephone Calls

ASK FOR LONG DISTANCE

Tell the Long Distance Operator:
1. The City or Town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

FOR EXAMPLE — "Calling Omaha, Nebraska—Walnut 2856." (If you don't know the telephone number) "Calling Omaha, Nebraska — anyone at Mr. J. Lowell's residence, 84 Blank Street."

3. Your telephone number (and name if required) when requested by the operator.

STATION-TO-STATION CALLS

The above is a station-to-station call because you have not asked the operator to connect you with a particular person or a particular telephone or department reached through a private switchboard. The charge for a station-to-station call is slightly less than for a person-to-person call and begins when the called telephone or private switchboard attendant answers.

PERSON-TO-PERSON CALLS

When you want to be connected with a particular person or with a particular telephone or department reached through a private switchboard, simply give the operator the same information as above and the name of the person or department wanted, also the extension number if known. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

DAY RATES: apply from 4:30 A.M. to 6:00 P.M. on all days except Sundays.

NIGHT RATES: apply from 6:00 P.M. to 4:30 A.M. and all day Sundays.

COLLECT CALLS

You may "Reverse" charges, that is, have them billed to the called telephone. Simply tell the operator you want to place the call "Collect." If the called party agrees to pay the cost, charges will be billed to his telephone. There is a small additional charge on station-to-station calls when the call is placed at night.

TO OBTAIN A RATE FOR AN OUT-OF-TOWN CALL

Dial Operator (Red "O") or ask for Long Distance, and then ask for the Rate Operator.

TO PLACE A TELEPHONE CONFERENCE CALL

Dial Operator (Red "O") or ask for Long Distance, and then ask for the Conference Operator who will give you rates and other details.
